

# Header 4

## Description:

Block *header 4* displays a video on the full screen width. This video is automatically played on mute. There is also the option of pausing and restarting it via a button at the bottom right-hand edge.

## Settings:

The following can be set for Block *Header 4* :

1. Whether a button to skip the video should be displayed. (At the bottom of the video)
2. The height of the video (100% of the screen (default), 75% of the screen, 50% of the screen)
3. A copyright text (this is displayed above the "Play/Pause" button)
4. Videos for the Desktop, Tablet Landscape, Tablet Portrait and Mobile viewports
  - Desktop: *1400px* and larger
  - Tablet Landscape: *1399px* to *992px*
  - Tablet portrait: *991px* to *768px*
  - Mobile: *767px* and smaller
5. A poster for the mobile viewport, as the video does not play automatically here
